Citizens Information Service - Service Offer

Citizens Information Services (CISs) provide free, impartial and confidential information, advice and advocacy services to the public. Each Citizens Information Service covers a geographical area within their region, facilitating both rural and urban areas, delivering a service through a network of Citizen Information Centres (CICs).

Information and Advice

Our Information Officers assist people with queries in relation to a broad spectrum of public and social services, including social welfare entitlements, income tax calculations, housing supports and access to health services. Our staff receive regular training and social policy updates to ensure that the information and advice that we provide is up-to-date and relevant for CIS service-users.

Social Policy

Our staff also engage in social policy reporting, highlighting issues that affect our clients in accessing public services, which in turn feeds into the work of the Citizens Information Board in the development of policy papers and recommendations to government. Through this process, CIS Information Officers capture social policy issues in real-time, facilitating the development of responsive and evidence-based policy reporting.

Advocacy

When required, Information Officers can provide further support through our advocacy service. This can mean assisting someone to write a letter or make a phone call, or a more complex and longer-term process such as preparing people for, or representing them at, a Social Welfare Appeals Office or Workplace Relations Commission hearing. All Information Officers are supported by a regional Advocacy Support Worker who provides expert advice, coaching and mentoring in this key aspect of our work.

The range and level of advocacy support provided by CISs has continued to develop and expand year on year, with significant outcomes achieved for people around the country in the areas including employment, equality, housing and social welfare.

Citizens Information Services – Locations

Each Citizens Information Regional Company covers a geographical region, facilitating both rural and urban areas, delivering a service through a network of Citizen Information Centres.

The 8 regional CIS companies cover the following areas: North Dublin, Dublin South, North Connacht & Ulster, North Leinster, North Munster, South Connacht, South Leinster and South Munster, as illustrated in the map below. Each CIS Region is subdivided into a number of CIS Service Areas which in turn each contain a number of Citizens Information Centres.

Development Manager - Job Description

Responsible to:

The Board of Directors of the Company and reporting to the Regional Manager of the company or other nominated director on a day-to-day basis.

Purpose of the job:

To be responsible for developing and managing the Citizens Information Service in the nominated area.

Main Duties:

- To be responsible for the overall development of a Citizens Information Service in the location and to develop the service in line with the Citizens Information Board guidelines for the provision of Citizens Information Services.
- To develop and manage innovative processes for the provision of quality information, advice and advocacy services to clients in various formats using the computerised version of the Citizens Information Board's www.citizensinformation.ie website as an information tool, supplemented by other relevant information sources (some direct provision of service may be involved).
- To manage the recruitment, training and development of a team of paid staff and volunteers including supervision and support.
- To manage the development and provision of advocacy services within the Service with the assistance of the assigned Advocacy Support Worker.
- Ensure appropriate referrals are made to and collaborate with the National Advocacy Service for People with Disabilities as appropriate.
- To be responsible for the development of a network of information service providers in the area and for ensuring referrals are made to other services, including the Money Advice and Budgeting Service as appropriate.
- The development and operation of an appropriate system for monitoring and evaluation of the service within relevant guidelines.
- To undertake outreach and other information related activities.
- To undertake publicity and research initiatives appropriate to the development of the service.
- To represent the CIC at conferences etc. as decided by the Regional Manager.
- To support the development of the service and assist in strategic planning for the service.
- To attend meetings and provide annual and other reports and submissions as required.
- To maintain an agreed financial system within the appropriate guidelines as required.
- To undertake such duties as may be assigned by the Regional Manager.

Development Manager - Person Specifications

Education Qualifications and Attainments

- Ideally candidates should have a third level qualification. Greater marks should be given for higher-level courses of greater relevance to the post, e.g. Management Information/Social Studies is desirable.
